4. Created finance page to manage financial activities with only needed information available (no excess and unwanted data displayed here)

The screenshot displays a web application interface for a School Portal, specifically the Finance Dashboard. The browser address bar shows 'localhost:5173/finance'. The page features a blue sidebar with navigation links: 'Dashboard', 'Fee Structures', 'Payments', and 'Reports'. The main content area is titled 'Finance Dashboard' and includes a welcome message for the Finance Officer. It presents four key performance indicators (KPIs) in colored boxes: Total Collected (ETB 10,000.00), Pending Payments (ETB 0.00), Overdue Fees (ETB 0.00), and Collection Rate (14%). Below these, there are three sections: 'Fee Management' with options to 'Create Fee Structure' and 'Assign Fees to Students'; 'Payment Processing' with options to 'Confirm Payments' and 'View All Payments'; and 'Reports' with options for 'Revenue Report' and 'Expense Report'.
